APPEAL IS ISSUED BY TAFT FOR FUNDS TO CARRY ON WORK OF THE RED CROSS IN EMERGENCY

Washington, June 26—William H. Taft, as Chairman of the Central Committee of American Red Cross, issued an appeal today to the American public for funds to carry on work necessitated by the sending of the National Guard to the Mexican border.

"Upon the response to this appeal," it said, "must depend the adequacy with which the Red Cross will be enabled to help our sick and wounded soldiers, to soften the hardships of field service, and to meet urgent needs among dependents at home."

"In anticipation of such a grave emergency as this this Red Cross has been building up an organization competent to meet the obligations of its national character and to make effective the generosity of a patriotic people."

VILLA SHOT BY A MEXICAN

Field Headquarters, June 26, by Courier to Columbus, N. M., June 26—Francisco Villa was shot from the rear by a Mexican he had impressed into his gang during the battle with Carranza troops at Guerrero, but his fate still is unknown.

This information was contained in a semi-official account obtained by Major Robert L. Towse, who was close on Villa's trail last April, and given out here today.

Major Howze learned the details of the wounding of the bandit chieftain from one of the Mexicans Villa drafted and who afterwards deserted.

The details of the story agreed with facts American officers obtained in independent secret service work, but the account does not say whether the bandit died or recovered.

Villa, the Mexican deserter said, exhibited every evidence of terror during the early stages of his fight, after the Americans had defeated his men at Guerrero. The information said he believed Villa was dead, but if he still were alive, he was in the state of Durango for which point he was headed during his flight from General Pershing's men.

ANTI-GERMAN RUMOR IN MEXICO BRANDED "UNMITIGATED LIE"

Berlin, June 26—From a highly competent source the Associated Press today received authority to deny completely tales which have reached here from the United States intimating that the German Legation in Mexico City is inspiring General Carranza to hostility to the allied States.

"That is an unmitigated lie," said an official when these reports were called to his attention. "We recognized Carranza because the United States asked us to, and have no further interest in the question."

"Once he was recognized it was natural that our representative should keep on good terms with the head of the government and maintain friendly relations with him, but that is the limit of our activities in Mexico."

When a man's a real man you never hear him reminding you of the fact.

MISSION WHICH COST SO HEAVILY IN AMERICAN LIVES WAS PEACEFUL AND PERMISSIBLE.

Field Headquarters (via Wireless) to Columbus, N. M., June 26—It was both a peaceful and permissible mission in which the two troops of the Tenth Cavalry, commanded by Captain Charles T. Boyd, were engaged when they fought Carranza troops at Carrizal last Wednesday, according to the view expressed today by officers with General Pershing's column.

It was peaceful, they declared, because all the United States troops campaigning had been done in expectation of co-operation by Carranza soldiers, and permissible because no limitation had been agreed upon by the two countries which would restrict patrolling by the Americans.

When General Jacinto Treviña's warning, that his army would fire upon troops taking any direction except north, reached the expeditionary forces they were moving north gradually, in expectation that Carranza forces would occupy the territory evacuated, and police it.

In the meantime, patrols were sent out on either side of the American columns for protective and observatory purposes. They moved in whatever direction their immediate duties required. The Carrizal patrol was one of them.

Reports that General Pershing occupied Nuevo Casas Grandes and Casas Grandes, when the Mexicans evacuated these towns, are erroneous.

EMBARGO ON COMMERCE WITH MEXICO PLANNED

Washington, June 26—A virtual embargo on commerce between the United States and Mexico, pending determination of their future relations, is being planned by the administration.

Customs inspectors along the border have been holding up shipments into Mexico since Saturday, and for weeks no arms and ammunition have been permitted to pass. Now it is proposed to extend the restriction so as to prevent the movement into Mexico of any goods which might be used in military operations against the United States.

Such an embargo executed by the army and treasury officials without a formal proclamation would be in effect until the question of peace or war was settled. An official proclamation would follow a declaration of war.

The tentative embargo list drafted today included such articles as leather, rubber, powder, dynamite, iron and steel products which might be used for military purposes, uniforms, shoes and also several varieties of foodstuffs.

"FRIGHTFULNESS A VIRTUE"

El Paso, Texas, June 26—Refugees arriving from Chihuahua brought to the border Mexican newspapers to show to what extent the anti-American feeling is growing. An editorial in La Forma, a semi-official paper published in Saltillo, captioned "Blood," makes a violent attack upon the United States, its people and its policies, and continues:

"Above all, do not forget that, at a time of national need, humanity is a crime and frightfulness is a virtue."

"Pull out eyes, snatch out hearts, tear open breasts, drink—if you can—the blood in the skulls of the invaders, from the cities of Yankeeeland."

"In defense of liberty be a Nero, be a Caligula—that is to be a good patriot."

"Peace between Mexico and the United States will be closed in throes of terror and barbarism."

BASE PLAYERS WEAR NUMBER

Cleveland, Ohio, June 26—Cleveland American League players wore numbers on the sleeves of their uniforms in today's game with Chicago, for the first time in the history of baseball, so far as known. The numbers corresponded to similar numbers set opposite the players' names in the score cards, so that all the fans in the stands might easily identify the members of the home club.

KIRK BROS.

E. T. Kirk J. R. Kirk M. C. Kirk

Belle of Maysville

The most wonderful whisky that ever drove the skeleton from a feast or painted landscapes in the brain of man. It is the mingled souls of wheat and corn. In it you will find the sunshine and the shadow that chased each other over the billowy fields; the breath of June; the carol of the lark; the dew of night; the wealth of summer; and Autumn's rich content—all golden with imprisoned light.

Drink it, and you will hear the voices of men and maidens singing the "Harvest Home" mingled with the laughter of children. Drink it, and you will feel within your blood the star-lit dawns, the dreamy, tawny dusks of many perfect days. For many years this liquid joy has been confined within the happy staves of oak, longing to touch the lips of man.

The Delight of Children

The self-developed, inner-flavour of New Post Toasties bear a unique attraction for the kiddies—they even like them dry from the package for their lunches. A box of Toasties provides "eats" that will delight the children.

New Post Toasties are usually served with cream and sugar, in which form the flavour is more pronounced and the flakes more delicious. These New Toasties do not "chaff" or crumble in the package and they don't mush down in cream—both common defects of old-fashioned "corn flakes."

Then, too, notice the tiny bubbles on the flakes, produced by the quick, intense heat of a new patented process of making which imparts delightful crispness and a substantial body to the flakes.

New Post Toasties are a vast improvement over any old-style "corn flakes."
